

HAVEN POD

Luxury Storm Shelters

Our New **STORMPOD** is an advancement in shelter technology. The innovative triangular base and pyramid roof offer increased wind dynamics and spacious interior. This space saving design allows the unit to be installed in the corner of the garage, patio or basement. Now, you can reach your shelter without having to go outside in the storm. Ability to fit up to 5 people in a standard unit, the modular construction is expandable to a 9 person shelter.

STANDARD FEATURES INCLUDE:

- Luxury Interior
- Forced-air Ventilation
- LED Lighting
- Storage Space for Emergency Provisions
- Ground-fault Electronic Isolation
- 10 Hour Back-up Battery Power
- Automatic Strobe Alert System
- Occupied Sensor
- Secondary Escape Hatch
- EMP and Lightening Protected
